## READ ABOUT HOME DOINGS.

Scrantonians who intend to leave the city for their annual vacations this summer should not lose track of what is going on at home. The readers of The Tribune can have their paper changed to their new addresses without extra charge and will receive it promptly and regularly by mail, if they will drop a postal to The Tribune office giving both the old and new addresses.

If you do not take The Tribune have it sent to you while away from home. It will cost only 12 cents a week or 50 cents a month. In this way you can keep posted about your friends.

## PERSONAL.

Mrs. J. James Taylor, of Baltimore, is selling Mr. and Mrs. James McWilliams, of 1632 Linden street.

Mrs. Kierstead and Miss Kierstead, leave today for Southampton, Long Island, for a two weeks' stay.

Miss Laura Jenette Myers, of Chicago, Ill., is the guest of Mr. and Mrs. Albert Kramer, at their home on Linden street.

Miss Helen Brandt, of Wilkes-Barre, is the guest of the Misses Morris, at the home of M. Goldsmith on Wyoming avenue.

Mr. and Mrs. P. O'Malley, formerly of West Linden street, have taken the house of E. M. O'Brien at 421 Vine street and are now residing there.

Among the names of the graduates in the dental department of the University of Pennsylvania, is Charles S. Geary, son of Mr. and Mrs. George Geary, of Capouse avenue, Green Ridge.

Rev. Richard D. Jordan, who was recently ordained to the Catholic priesthood in Rome, where he has been pursuing his studies for several years arrived in this city yesterday. He is a son of Mr. and Mrs. Thomas Jordan, of Green Ridge. Father Jordan will celebrate his first mass in St. Paul's church, Green Ridge, Sunday morning.

Rev. S. K. Jenkins, of Morristown, Tenn., and his brother, Rev. W. G. Jenkins, of Pontypool, South Wales, who have been on a tour of the United States, and who have spent some weeks in this city, will leave here this afternoon on the 3:30 Delaware, Lackawanna & Western train for New York and Boston, from which latter point they will sail July 2, on the "New England" for home. They wish to extend thanks to their many friends in Scranton and vicinity for the great hospitality shown them, and the kindly spirit in which they have been every where received.

## WALLACE, THE MAN-EATER.

### World-Famous Lion, Which Will Be Here Shortly.

Everybody in Christendom has heard and read about Wallace, the fierce man-eating lion which escaped from his cage in New York some few years ago and held the city in a reign of terror for sixty hours, when he was finally found in a stable where he had killed and partly devoured a horse. The authorities wanted to shoot him, but the daring Captain Boacchio, of the Boston-Ferri force of trainers, begged to be allowed to attempt his capture, and finally succeeded by means of rope lassos. Three weeks later he entered his cage in an attempt to train him, and was torn to pieces.

Since then three other trainers have perished beneath his mighty paws. It is said he killed four men before he was brought to this country. He is, without question, the most ferocious and bloodthirsty of his kind ever seen in captivity. At the same time, the handsomest specimen of the black-maned African lion ever captured. Time and time again he has been doomed to death, but each and every time his magnificently majestic appearance has saved him. He will be seen here with the Boston-Ferri lion at the circus shows at the Elks' carnival which will be opened by the city officials Monday evening next.

## A BRILLIANT RECITAL.

Given by the Pupils of John T. Watkins in College Hall—Catholic Choral Club Assisted.

A brilliant programme and a most enthusiastic and well pleased audience was that which packed College hall last evening. The annual recitals given by Mr. Watkins' pupils have become very popular and are looked forward to with observable anticipation without any disappointment. Mr. Watkins is an excellent programme maker, carrying to a complete conclusion a harmonious idea. The one hundred and fifty voices were prettily grouped amid profuse decorations.

The first number on the programme, "Daybreak," by Fleming, displayed to fine advantage the beautiful blending of the voices, the shading, precision and attack equalling anything ever heard in this city. The chorus was perfectly trained and the phrasing given with beautiful effect. "The Highwayman," a ballad song, by Woodman, was given in a rollicking manner and good style by Willis Jones, whose voice has grown smoother and broader. "The Nightingale," sung by Miss Harriet Jackson in sweet soprano voice, was a pretty number. Her phrasing is marked by much intelligence.

Miss Grace Sprague, in mezzo-contralto of good quality and wide range, gave two numbers with fine feeling and expression, her voice growing more steady and round in quality. A brilliant soprano voice is that of Miss Mary Niland, for whom, if she works, there is a good future. Her head tones are especially good and her control, clear and pleasing messages lend charm to her singing and reflect the conscientious work of her teacher.

A beautiful tenor ballad, "Daphne's Love," was sung by Dan Jones in a pure tenor voice that is developing finely, and has bright prospects for the future. Miss Martha Matthews and Miss Viola Jones' voices blended harmoniously in their rendition of the duet, "Cheerfulness." Their voices combine sweetness with volume, force with fire, taste with temperament. The Students' glee, "Estudiantina," by the combined voices of the Recital chorus and the Catholic Choral club, was demonstrated the same with which Mr. Watkins masters and handles his singers. The enthusiasm following the singing of this bright glee was viceriously pronounced by the immense audience.

Richard E. Watkins, the possessor of a resonant and ringing baritone voice, gave with gusto a fine Hunting Song, "The Chase." You can easily detect in his style that of his teacher and brother, "O Light Divine," Cavatina, from the opera "Lindadi Chamonix," demonstrated Miss Jessie Bristley's lyric soprano voice and her ability. She sings with confidence and dramatic intensity, reaching with ease the low B flat and with brilliancy the high B flat which occur frequently in this Cavatina. Miss Bristley has improved very much since her last recital. Will L. Jones, who has been a pupil of J. T. Watkins' vocal studio but a term, has grown in breadth of voice and style surprisingly. His singing of "Oh, for a Day of Spring" was a gem. His "Credo Testa" would make any tenor envy him. He sang with fine expression and style. Miss Irene Kann has been doing such excellent work since her connection with Mr. Watkins' studio that her every appearance is synonymous with good work. The recital of the assessors was referred to a committee which will have the duty of fixing officially the representation from each ward. It is made up of Common Councilmen H. E. Palmer, E. W. Evans, Daniel Galvin and Select Councilmen F. H. Clemons and Finlay Ross.

When the select council resolution directing that the city purchase fifty-nine copies of the laws passed by the last legislature for the councilmen came up, Mr. Keller objected to it as a needless expenditure of money. Mr. Partridge referred to it as a "Tonn Foot" bit of legislation. Mr. Keller moved that the resolution be laid on the table and this was done. He held that one copy of the laws in the city clerk's office, where it could be referred to, would answer all purposes.

Among the select council resolutions concurred in were the following: Directing the director of public safety to having free vaccination; limiting the speed of automobiles; directing the director of public safety to place the telephone number of the nearest fire apparatus on each private telephone in the city.

The following new resolutions were adopted: To compel the laying of sidewalks on Capouse avenue from New York street to the Seventh ward line; for the removal of an electric light from Williams' factory on Washburn street to Twenty-first street and Sadie place; extending the sewer assessment of the Grace Evangelical Lutheran church at Mulberry street and Prescott avenue; directing the director of public works to examine the Hyde Park avenue pipe and if out of repair to have the proper parties repair it.

## NEW ORDINANCES.

Ordinances were introduced providing for the erection of two sewer basins in the Fourth ward and for laying flagstone sidewalks on both sides of Price street from Bromley avenue to Garfield avenue. They were referred to committees.

The amended tax levy ordinance which came over from select council, was reported favorably by committee and passed on two readings.

The following ordinance passed on third reading: Establishing grade of an alley south of Green's place in the Seventh ward; for the construction of section E of the Fifth district main sewer in the Seventh ward.

## SELECT COUNCIL.

The tax levy ordinance, as amended, passed on third reading at last night's meeting of select council, and was sent over to common council. It was reported forthwith from committee and passed on two readings. The ordinance provides for a tax of 2.75 mills on all first-class property, of 2.5 mills on property of the second class, and of 1.75 mills on property of the third class. The property of the first class is estimated at being approximately \$3,000,000, the second class \$7,000,000, and the third class \$6,000,000. The entire tax will amount to about \$424,000, which is \$3,600 in excess of this year's appropriations.

Chairman Chittenden, of the judiciary committee, presented his report, recommending that the city solicitor be directed to settle the \$2,000 claim against the city of Muldoon & Bowie for extra work on the Linden street and Roaring Brook bridges. A motion was made to accept the report, but President Oliver emphatically banged down his gavel, and declared: "I rule this motion out of order, as it recognizes a claim, which court has decided to be uncollectable."

## REMOVAL OF TREASURER.

A communication was received from Recorder Connell stating that as the term of office to which City Treasurer E. J. Robinson had been elected has expired, he had, under the authority invested in him removed him and appointed in his stead F. S. Barker.

City Solicitor Watson sent in an opinion to the effect that purchases made by the city, in which the amount exceeds \$250 must be by contract awarded after bids are advertised for.

The recorder in his report also directed, directing Director of Public Safety Wormser to remove the lunch

## MEETINGS OF TWO COUNCILS

### LARGE AMOUNT OF PUBLIC BUSINESS TRANSACTED.

Statement Sent to Common Council by the Assessors Shows That the City Has 27,769 Taxables and from This Councils Will Officially Determine the Number of Common Councilmen Each Ward Is Entitled to Have—Tax Levy Ordinance Passed on Third Reading.

At last night's meeting of common council the city assessors presented a table showing the number of taxables in each ward of the city. This is used as the basis for computing the number of common councilmen each ward is entitled to. The law provides that each ward shall have at least one councilman and that the entire body shall consist of not more than forty members. To ascertain the basis of representation the total number of taxables is divided by forty which in this instance gives 694, the total number of taxables in the city being 27,769.

A ward having in addition to the quota of 694 three-fifths more than that number or a total of 1111 is entitled to two councilmen, a ward with twice 694 and three-fifths of 694 or a total of 1815 is entitled to three members, etc.

The table which follows gives the number of taxables in each ward and the number of councilmen it is entitled to:

Ward	Taxables	Councilmen
First	2,235	3
Second	2,965	4
Third	720	1
Fourth	2,495	3
Fifth	2,195	3
Sixth	1,104	1
Seventh	820	1
Eighth	1,430	2
Ninth	1,430	2
Tenth	850	1
Eleventh	1,101	1
Twelfth	660	1
Thirteenth	1,430	2
Fourteenth	1,921	2
Fifteenth	1,328	2
Sixteenth	948	1
Seventeenth	1,328	2
Eighteenth	453	1
Nineteenth	1,887	2
Twentieth	1,156	1
Twenty-first	724	1
Total	27,769	28

This will give council thirty-eight members, the same as at present, but the Sixth ward's representation will be cut down from two to one and the Fifteenth ward will be entitled to two members instead of one.

## REFERRED TO COMMITTEE.

The report of the assessors was referred to a committee which will have the duty of fixing officially the representation from each ward. It is made up of Common Councilmen H. E. Palmer, E. W. Evans, Daniel Galvin and Select Councilmen F. H. Clemons and Finlay Ross.

When the select council resolution directing that the city purchase fifty-nine copies of the laws passed by the last legislature for the councilmen came up, Mr. Keller objected to it as a needless expenditure of money. Mr. Partridge referred to it as a "Tonn Foot" bit of legislation. Mr. Keller moved that the resolution be laid on the table and this was done. He held that one copy of the laws in the city clerk's office, where it could be referred to, would answer all purposes.

## Another License Ordinance.

An ordinance was introduced providing for the licensing of slot machines and like devices, and the regulation of billiard, pool, bagatelle and pigeon hole, tables and bowling alleys. Another ordinance provides for a tax on theatres and other places of amusement. Both ordinances went to committee.

A resolution was adopted granting permission to Howell Morgan to connect his house drain with the Luzerne and Sixteenth street drain.

Mr. Clemons introduced a resolution, directing the chief of the Bureau of Engineering to estimate the cost of opening Hickory street, from South Washington avenue to Cedar avenue, and to receive options from the owners of property, required to be taken. The resolution was adopted.

Mr. O'Boyle called for the ordinance providing for placing city advertising signs on buildings. A communication was read from City Solicitor Watson, in which the latter stated that in reply to council's resolution, asking him to ascertain the cause of delay in filing the viewers' report of the Nineteenth district sewer system, the report has been confirmed conditionally, and will be confirmed finally soon, unless exceptions are filed.

## The Fourth at Lake Ariel.

July 4 will be a gala day at Lake Ariel. The managers of the city excursion resort have provided a series of exceptional attractions for that day, announcement of which will soon be made through the newspapers. Good music and dancing, together with refreshments at moderate prices will be provided. Everything about the picnic grounds, hotels, etc., at the station has been thoroughly renovated and placed in better condition than ever before.

Lake Ariel is by far the most convenient and beautiful of the many excursion resorts in this region. Trains will leave Erie and Wyoming Valley depot for Lake Ariel every hour on the Fourth.

Yesterday was an "off day" for nearly all of the contestants in The Tribune's Educational Contest. Leroy Stanton, of Scranton, was the only one to score of the entire thirty-three in the main table as published yesterday morning.

Eddie Morris, of South Scranton, returned enough points to give him a place in the published table this morning. He is now in thirty-third place, held for the last week or more by Emanuel Buccell, of Hyde Park, but whose name is withdrawn as a consequence of his now being thirty-fourth.

Miss Mary Yeager, of Green Ridge, made her first return yesterday. As yet her score is not sufficiently large to give her a place among the first thirty-three contestants.

It seems probable that a number of the contestants are withholding points until the last day in June in order to have a big batch of them to turn in at the last minute and thereby stand a better opportunity to win one of the prizes offered for the contestants who score the greatest number of points. There are two reasons why this should not be done. The first and most important is that it is in direct violation of one of the rules of the contest, which says: "All subscriptions must be handed in at The Tribune office within the week in which they are secured, so that papers may be sent to the subscribers at once." The Tribune has always acted fairly with the contestants and they should act fairly with each other.

Reason No. 2 why holding back points should not be indulged in has a common-sense argument. If each of the active workers reserves his show of strength until the last day all are working in the dark, as no one knows what the others are doing and, besides, each contestant's friends are apt to have the impression that their champion has lost interest in the struggle if his name appears day after day without a change in standing. One big change a month does not amount to much as a demonstration of earnestness, not nearly as much as a daily or frequent gain. Especially is this true when all are depending upon the same manoeuvre to win an advantage.

Contestants must bear in mind the closing hour of the contest for the special prizes for June. It will be 5 o'clock on Monday afternoon. No points will be counted in the June competition that are received after that hour, either from contestants residing in this city or in other communities. The winners of the \$10 and \$5 gold pieces will be announced in Tuesday morning's Tribune and contestants from out of town, who send their points in care of "Uncle Sam" must mail their letters so they will be in the Scranton postoffice by 5 o'clock on Monday afternoon.
